

WELCOME TO SECOND GRADE!

Our school year is coming to a close, and your child has worked so hard this year to master many new skills! In order for our students to keep their brains in shape over the summer, I'm sending home the attached summer work.

1. **Service Project**- See attached info
2. **BRAINTain calendar**- Once your child completes an activity, they can color or check in the "I did it" box in the corner.
3. **Summer Reading Log**- Complete the reading log...you can read with your child or have your child read independently over the summer and record the books on the reading log.
4. **Book Report**- Choose 2 books (I recommend one each month) and complete the book report form that is attached. Students will share when we return to school!

On the first day of school, please send in your summer work packet, so we can see how your child flexed their mind all summer long!

Please let me know if you have any questions, and have a fun and safe summer!

Helpful Apps and Websites

(these are not required, but a great way to practice skills over the summer)

- *Teach Me 1st grade and Teach Me 2nd grade apps
- *Xtra math- will send individual login information
- *www.readingeggs.com (sign up for free trial)
- *www.starfall.com or download app
- *Math bingo app

Summer of Service

Nashville Christian School

Summer Service Project

As part of our summer work, each elementary student should complete one service project. This project must be done for someone or an organization outside of your home. The options are endless and the potential is great! Ideas?

- ▶ Help a neighbor with yard work
- ▶ Volunteer to serve at a food bank
- ▶ Donate your profits from a lemonade stand
- ▶ Pick up trash in your neighborhood
- ▶ Be creative! There are opportunities to serve each and every day!

As you are working on your project, take pictures when possible. Once your project is complete, create a presentation to share with your class when you return to school in August. The sky is the limit! Write a paper, make a poster, create a Powerpoint/Keynote.....it's up to you! Have fun with this and look for other opportunities to serve along the way! You'll love the feeling of knowing you have helped someone!

"Each of you should use whatever gift you have received to serve others, as faithful stewards of God's grace in its various forms." 1 Peter 4:10

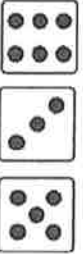

BRATNtain Summer

It's important to exercise your brain, just like you exercise your body. You can do this by practicing the skills you've learned. This helps maintain your mind and keep your noggin fit!
