Make a card for a neighbor.	Write lowercase letters	Count 1 - 20	Write your name with chalk (outside) first letter uppercase.	Read a book with your parent and draw a picture about the book

Dear Families of Almost Kindergarteners,

Though summer break is only a few months long, it is still very important to maintain the incredible academic and personal skills your child has learned and worked so hard on this year. Summer Slump occurs when students lose skills over the summer by not continuing to practice them outside of classroom walls. Summer is also a great opportunity to practice new skills your child may not have mastered yet.

We have created a Bingo board for your child to work on throughout the summer. The object is to practice the skills they have already learned and to be ready for Kindergarten. We have included two service opportunity squares for students to do something kind for others. The goal is to do each activity and fill up the Bingo board.

Remember, play is an important part of learning for your child! It is recommended that your child have authentic play experiences this summer - especially away from screen time! Encourage your almost Kindergartener to read books, visit the park or playground, pedal a tricycle, draw pictures, build towers of blocks, create with play doh, and pretend play!

Have a wonderful summer!
